Accessing Report Cards within the Parent Portal

Hello parents, please find 'ICTE Best Practice' on accessing your child(ren) report card with your parent portal. Remember SKOS officially supports the QuickSchool Web APP (Web page), so you should use it in first instance to navigate to your Child(ren) report cards. The Mobile APP (like many) provides limited access, and we suggest its use as an 'on-the-go' view, and not for a comprehensive over-view.

***NOTE:** You can only view your child's report cards at the date (and time) confirmed by the school for report card distribution.

Follow the step below to access the report cards

1. Navigate to your parent portal via the WEB APP and click on 'VIEW COMPLETE RECORD', as illustrated below:
